Entity Presentation (We are)

The Asset Management Unit in the Directorate General for Financial Stability, Financial Services and Capital Markets Union (FISMA) is looking for a well-qualified and experienced candidate.

The unit's goal is to foster the development of the single market for asset management and investment funds within the EU. The Unit has a considerable number of new or upgraded work streams which are central parts of the Commission's Savings and Investments Union and Sustainable Finance Agenda.

In the area of collective investment schemes, the unit is responsible for a variety of investment funds' frameworks: the Directives on UCITS and AIFMs which are the cornerstones of the investment fund frameworks in Europe, the Regulation on MMFs, ELTIFs, EUVECAs and EUSEFs which apply to specific types of investment products. The Unit also has cross-cutting responsibilities for packaged investment products offered to retail investors (Regulation on PRIIPs) and works closely with other units on the Commission's Retail Investment Strategy. Under the umbrella of the Green Deal, the unit is responsible for the review of the Sustainable Finance Disclosure Regulation and the implementation of the EU Green Bond Standard Regulation. The Unit works closely with other FISMA units, Directorate Generals of the Commission and the European Investment Bank on enhancing the access to venture and growth capital.

Finally, the unit follows closely macro-economic developments and financial stability matters, notably in the context of FSB and IOSCO workstreams. It deals with Member States, the European Parliament, ESMA and other public authorities on an ongoing basis.

Job Presentation (We propose)

The SNE will contribute to the definition and design of Commission's policies in respect of investment funds and alternative investment funds through: preparation of policy documents setting out Commission strategy; setting up methodology and projects for assessing impacts of Commission proposals in this area; monitoring market developments and analysing implications for EU regulatory framework for this business; preparation of briefings/speeches; liaison with stakeholders, participation in and coordination of stakeholder groups.

The SNE will work under the supervision of an administrator. Without prejudice to the principle of loyal cooperation between the national/regional and European administrations, the SNE will not work on individual cases with implications with files he/she would have had to deal with in his/her national administration in the two years preceding its entry into the Commission, or directly adjacent cases. In no case he/she shall represent the Commission in order to make commitments, financial or otherwise, or to negotiate on behalf of the Commission.

Jobholder Profile (We look for)

The successful candidate is expected to be an expert in financial services, financial securities markets and, in particular, have knowledge and experience pertaining to asset management. The chosen candidate will be involved in work streams under the Savings and Investments Union, in particular the reviews of various fund frameworks, as well as initiatives on Sustainable Finance.

A legal background or solid experience working on legal drafting would be a plus.
