Entity Presentation (We are)

The mission of Unit ECFIN D2 is to promote prosperity and stability in the EU by supporting appropriate economic policies in the countries that are part of the European Neighbourhood Policy (ENP) and to coordinate the EU's Macro-Financial Assistance (MFA) operations in third

countries. The ENP applies to the EU's immediate neighbours by land or sea - Algeria, Armenia, Azerbaijan, Belarus, Egypt, Georgia, Israel, Jordan, Lebanon, Libya, Moldova, Morocco, Palestine, Syria, Tunisia and Ukraine.

The Unit's main objectives are:

- to promote stability-oriented macroeconomic policies and frameworks in ENP partners countries;
- to promote structural reforms in ENP countries aimed at raising sustainable economic growth, improving economic governance and advancing their economic integration and regulatory convergence with the EU;
- to provide MFA to ENP countries undergoing serious balance of payments difficulties, in the context of economic stabilisation and reform programmes agreed with the International Monetary Fund (IMF); and
- to manage the horizontal aspects of the EU's MFA instrument in order to ensure its coherence and effectiveness.

This entails the following activities:

- providing regular economic monitoring of and policy advice to countries covered by the Unit;
- conducting regular macro-economic dialogues with these countries;
- supporting the negotiation and implementation of the EU's bilateral agreements and ENP Action Plans with these countries;
- supporting the Commission's strategies and policies on these countries in multilateral economic fora;
- designing, negotiating and monitoring the implementation of the EU's MFA operations in ENP countries;
- managing the budgetary and legislative aspects of all MFA operations; and
- undertaking Operational Assessments of financial and administrative circuits in countries benefiting from MFA.

Job Presentation (We propose)

We are looking for a dynamic, highly motivated and analytical economist to join our team as a desk officer in unit D2 in DG ECFIN, which is covering macroeconomic cooperation with Neighbourhood countries and provides Macro-Financial Assistance (MFA), with a view to:

- i. Supporting the horizontal work related to MFA, including the organisational and financial set-up and implementation of individual MFA operations; contribution to the annual report on MFA to the European Parliament and the Council; the evaluation and further development of the MFA instrument; and to enhance visibility around MFA operations. This is the main part of the job.
- ii. Depending on the unit's needs, possibly also working as a desk officer for one/some of the countries in the Southern Neighbourhood (or the Eastern Partnership), which includes monitoring economic developments, preparing an economic outlook and, if for a country with a balance-of-payment crisis, possibly preparing and managing an MFA operation to support the country financially whilst promoting relevant policy reforms.

Both the horizontal and country-specific work can involve supporting the participation of DG ECFIN, in interactions within the European Commission, or the EU, and in engagements with the partner country(ies). The work will also include contributions to different regular internal reports, to reports to the co-legislators and, if appropriate, to reports published on-line. Frequent briefing materials are also asked for in preparation of international meetings, including preparing speaking points and background material for the High Representative of the European Union, the Executive Vice President in charge of an economy that works for the people, or for the Commissioner responsible for Economic and Financial Affairs.

The successful applicant should be able to produce high quality output, often within short deadline
