Entity Presentation (We are)

Unit E2 is the thematic unit on Trade, Investment climate and Value chains including Critical Raw Materials. As thematic unit we coordinate the INTPA policies on these topics and support the geographical units in project and programme design. Furthermore we represent the Directorate General in international organisation like the OECD, WTO and with intergovernmental fora.

Job Presentation (We propose)

We propose a challenging position in the INTPA unit in charge of Trade, Investment Climate, Entrepreneurship and Value chains. The expert provides thematic expertise on particularly the linkages and potential synergies between export credits agencies and financial institutions and enhanced coordination between the two. This includes active participation in the design of financial structures for investment and other projects involving both categories of institutions. Also the expert will be involved in the coordination of the relevant Commission Expert Group with DG Trade, as well as with other DGs in the Commission. The contribution of the expert aligns with the Global Gateway Strategy and fosters its implementation. If and when applicable and possible, the expert could also be deployed in other activities of the unit.

Jobholder Profile (We look for)

We look for a candidate with interest in joining the DG International Partnership in the Commission and willing to take a challenging position within a dynamic team.

The candidate should be fluent in English and be keen to learn and adapt to multicultural environments.

Previous experience working with Export credit agencies is a must. Furthermore we look for someone who has experience working for a national administration of a Member State, while experience in the private sector will be seen as an asset. Experience in working with or for the European Commission adds another plus to the profile of the candidate.
